FHWA Value Capture Implementation Team, in partnership with local experts, will conduct a virtual peer exchange on **Thursday, May 14, 2020 from 1:00–3:00 p.m. ET**

Addressing funding shortfalls for on-going repair, maintenance, and replacement.

Enhancing safety including the reconstruction of streets.

Bringing sidewalks and curb cuts up to current Americans with Disabilities Act (ADA) standards.

A Transportation Utility Fee (TUF), also known as a street maintenance fee, road user fee, or street utility fee, is a monthly fee based on use of the transportation system paid by residences and businesses within the city limits. TUFs can ensure roadways are repaired and maintained, street systems operate at the appropriate level, and safety countermeasures for pedestrians are in place.

If your city, county, township, or Tribe is facing funding challenges to keep your roadways in good condition and maintain proper safety for all users, join us to learn from your peer experts.
