## Lunch Sponsors:

Your Logo will be here to sponsor one of three lunches during the event with the estimated cost of \$300

## Workshop Program

The three-day workshop aims to facilitate transportation workforce development by providing state-of-the-art training for asphalt technology and pavement material testing on aggregates, asphalt binders, and asphalt mixtures, following AASHTO and Caltrans test methods. The workshop includes

- ✓ Technical Lectures and Invited Presentations
- ✓ Hands-on Laboratory Testing (10 tests in 3 days)
- ✓ Road Pothole Hunting & Patching
- ✓ Field Tour at an Asphalt Production Plant

## Benefits

The participants will

- ✓ Learn the latest asphalt technology, pavement preservation, and lab testing
- ✓ Connect with Industry & Agencies
- ✓ Build resume for internships & jobs
- ✓ Visit Chico State campus & facilities
- ✓ Receive a certificate for participation
- ✓ Receive \$300 stipend to cover 3-day living cost for *non-Chico-resident students*
- ✓ Complimentary meals for all participants

Please scan QR codes (e.g., via a Camera) to watch the workshop videos from the past or click this Link to watch:

## Participants

This workshop will host 10-15 participants in the summer of 2025. Current students from Butte College, Feather River College, Woodland College, Shasta College, Yuba College, Chico State, Sac State, UC Davis, UOP, and other Colleges in California. Entry-level engineers from industry and local agencies in Northern California are welcome to attend.

## Schedule

The workshop will be scheduled for 3 days in late May or early June 2025. The exact dates will be coordinated once 5 participants are enrolled.

## Application and Contact

SEATS LIMITED: FIRST Apply, FIRST Enrolled!  
To apply and enroll, please simply send an email to Dr. Kun Zhang before April 30, 2025 ([kzhang2@csuchico.edu](mailto:kzhang2@csuchico.edu));
